

## Search And Seizure

May 03, 2021

Authors Nader Hasan (Defence counsel) and Mabel Lai (Crown counsel) discussed the evolving body of legal rules and principles that govern how searches and seizures are conducted. In particular, they'll cover:

- The increased complexity of assessing a person's reasonable expectation of privacy in the digital age.
- Section 487 search warrants, computer device searches, warrantless searches, and exclusion of evidence.
- The Garofoli process.
